BRIDGE REPAIR

ELK RIVER, MILE 1.0

Notice is given that effective immediately, Norfolk Southern Railroad is conducting bridge repair operations on the Dryden Street Railroad Bridge, Elk River, mile 1.0. Scaffolding extends below low steel approximately 3 reducing vertical clearance to 31.8 feet.

This work will be performed four days a week, Monday through Thursday, between the hours of 7:00 am and 7:00 pm and is expected to be completed on or about 1 November 2007. During non-working hours, the scaffolding will be raised above the low steel elevation.

Mariners are urged to use caution when navigating this area as the scaffolding extends below normal low steel elevations.

ARLIE D. BISHOP
Chief, Technical Support Branch
